

Resurrection Catholic School will be participating in the USDA's National School Lunch Program and National Breakfast Program for school year 2024-2025. According to the USDA, this option maintains the nutrition standards of the school meal programs- including a strong emphasis on providing fruits and vegetables, milk, whole grains, and sensible calorie levels. This option also provides flexibility for schools to further customize their meal service design to fit their local needs.

Nutrition is a cornerstone of learning and Resurrection Catholic School is proud to participate in this program to ensure the nutritional needs of every child are fulfilled, enabling our student to attain their greatest potential.

#### The Income Eligibility Guidelines

The following are the Income Eligibility Guidelines to be effective from July 1, 2023, through June 30, 2024. The Department's guidelines for free meals and milk and reduced-price meals were obtained by multiplying the year 2023 Federal income poverty guidelines by 1.30 and 1.85, respectively, and by rounding the result upward to the next whole dollar. This notice displays only the annual Federal poverty guidelines issued by the Department of Health and Human Services because the monthly and weekly Federal poverty guidelines are not used to determine the Income Eligibility Guidelines. The chart details the free and reduced-price eligibility criteria for monthly income, income received twice monthly (24 payments per year); income received every two weeks (26 payments per year) and weekly income. Income calculations are made based on the following formulas: monthly income is calculated by dividing the annual income by 12; twice monthly income is computed by dividing annual income by 24; income received every two weeks is calculated by dividing annual income by 26; and weekly income is computed by dividing annual income by 52. All numbers are rounded upward to the next whole dollar. The numbers reflected in this notice for a family of four in the 48 contiguous States, the District of Columbia, Guam and the territories represent an increase of 8.1 percent over last year's level for a family of the same size.
